

# FLOODED?

Call 770-253-6070

Because at Champion We Understand That Water Damage Is An Emergency.

## Champion's Exclusive "First Call" Emergency Response System

### Here's How It Works...

1. Call 770-253-6070 OR send us a message using the online form at [www.championcsi.com](http://www.championcsi.com) and you will be contacted immediately.

2. On the first call, a trained team member will take down important contact information and transfer you directly to the technician that will be coming to your property.

3. Champion's trained technician(s) will immediately be dispatched to the location to assess the loss and set up necessary drying equipment.

4. You will receive "The World's Fastest Drying" and your property will be returned back to normal faster than with any other company.

Champion Construction Systems, Inc. is an independent, family owned business that has been serving the Atlanta area since 1970. After over 40 years we are still serving Atlanta residents with the same commitment to outstanding service. Our state-of-the-art equipment, training facility and our team's dedication to our clients has established us as the first choice for water removal services. We are looking forward to working with you.

# 24 HOUR EMERGENCY WATER DAMAGE RESTORATION

Exclusive Certified Provider of  
TES - World's Fastest Drying  
System™ in the Atlanta Area

## The On Going Effects of Water Damage

### WITHIN MINUTES

- Water contamination spreads, rapidly increasing claim cost.
- Moisture-sensitive furniture finishes turn white.
- Stains released from furniture stain carpet - possibly permanently.

### WITHIN HOURS

- Furniture in direct contact with water delaminates or swells.
- Normal household odors, amplified by humidity, become apparent.
- Dyes from non-colorfast fabrics start to bleed.

### WITHIN DAYS

- Fungi appear, along with their characteristic musty odor.
- Severe warping of wood becomes apparent.
- Paint blisters and wall covering adhesives release.
- Wood structural members begin to swell, warp and split.

### WITHIN WEEKS

- Mold sinks roots into and destroys organic materials.
- Occupants must be evacuated due to health hazards.
- Allergen sensitivity may arise from microorganism growth.
- Gutting the structure may become necessary.

## Champion Understands Water Damage is an Emergency, That's Why...

### WITHIN MINUTES

- Champion's emergency service technicians are dispatched.
- Champion's technicians arrive and inspect, assess and document extent of loss.

### WITHIN HOURS

- Excess water is extracted and damaged area is sanitized as required.
- Specialized drying equipment is installed.
- Restoration is monitored until scientifically proven dry.

### WITHIN DAYS

- Your property is dry faster than traditional methods! In many cases, in as little as one day - that means you can be back in your home faster!
- On-going water damage and mold growth to building materials is stopped 300% faster.

- Champion's methods and equipment substantially lower your damage repair costs and time.
- Champion's methods substantially lower your damage repair costs.

Put Your Trust in an Industry Leader.

## TES - World's Fastest Drying System™

Not only is Champion the exclusive certified provider in the Atlanta area of **TES - World's Fastest Drying System**, we developed it! This revolutionary technology cuts drying times to 1/3 the time of the conventional equipment that all other restoration companies use. This means that your water damaged property is back to normal 3 times faster than any other method. While most people expect to pay more for faster service, this system actually lowers your overall repair costs because Champion is able to save things other equipment just can't dry.

Your property's successful restoration depends largely on receiving immediate response and the fastest drying possible. That is why Champion has crews on-call 24 hours a day. Champion's combination of immediate response and leading edge technology returns your property back to normal faster than traditional drying methods.
